

AuroraShield Enterprise Network – Submission Cover Letter

Dear Cisco Certification Review Team,

My name is **Imeda Sheriphadze**, an Information Technology and Software Engineering specialist with over **30 years of experience** in enterprise network engineering, IT infrastructure, and advanced security solutions. I also have more than **10 years of expertise** in neural network architecture and AI-driven automation systems.

I hereby submit my complete project titled “**AuroraShield Enterprise Network – Multilayer Redundant Architecture with Dual ISP Failover**” for professional evaluation. This project is engineered according to Cisco Enterprise Architecture standards and demonstrates a fully functional, scalable, and secure corporate network featuring redundancy, segmentation, WAN failover logic, and adherence to best practices.

The official GitHub repository containing all documentation, diagrams, configurations, and final submission materials:

https://github.com/imeda1968/AuroraShield_Enterprise-_Network

Included in this submission:

- Full Technical PDF Documentation
- Complete Router, Switch, and Firewall Configurations
- HighLevel and LowLevel Network Diagrams
- Final Professional Presentation (PPTX)
- Structured “Submission” package prepared for Cisco review

This project represents the culmination of my extensive professional background, experience, and engineering discipline. It has been crafted with precision, clarity, and full compliance with Cisco's validated design principles.

Thank you for your time and consideration. I look forward to your assessment.

Sincerely,

Imeda Sheriphadze

IT & Software Specialist

Neural Architect & AI Visioneer
